

eximEcoscape® Rubber Tree Rings

TO PROTECT YOUNG TREES AND SHRUBS

100 % recycled rubber mulch, coloured brown and preformed in our factory into shaped mats which have a central hole pre-cut and parted with a tapered underside to allow for variations in size, shape and growth. Ends mower and strimmer damage, prevents weed growth, resists movement and provides temperature stability. Free draining, whilst not absorbing valuable nutrients from the soil and is completely safe to use with other garden sprays and chemicals if required.

EASY INSTALLATION

Simply lay on the ground.

DIMENSIONS

500 mm diameter

STANDARD DELIVERY

Normally free of charge delivery when delivered with an order of mulch.

OPTIONS

We are happy to discuss with you:

- Variations in size
- Colours: green, black, red
