

eximSafe – Sandpit Curb

1000 x 300 x 150 mm

1. PRODUCT DESCRIPTION

eximSafe Sandpit Curbs are the consistent complement for playgrounds, encircling the sandpit from the surrounding area. Thanks to the rubber surface, serious injury risks are being reduced to a minimum. It is installed just like a curbstone either horizontally or vertically. Moreover, it dries much faster after rain owing to its porosity. eximSafe Sandpit Curbs are temperature-resistant, slip-proof, weather and UV-resistant, water permeable, indecomposable, thermal isolating, easy to install and eco-friendly.

2. EXAMPLES OF USE

Sandpit surrounding, pavement border, dividing terrain line, as a sitting element or a stair.

3. AVAILABLE DIMENSIONS (mm)

1000 x 300 x 150

4. TECHNICAL DATA

Weight per piece (kg):	33.5
Pieces per pallet:	30
Density (kg/m ³):	733
Colours:	red, green, black, (other colours on request)
Temperature resistance:	from - 40 up to + 80°C (long term), up to + 110°C (short term)
Chemical resistance:	resistant to weak acids and bases; conditionally resistant to oils
Dimension deviation:	max. 1.5 %
Recommended base:	concrete, asphalt, paving

5. MATERIAL

Rubber granulate from tyres, bonded with coloured, UV-resistant polyurethane.

6. INSTALLATION

To be laid like a typical curbstone; single parts can be glued (see eximSafe installation guide and data sheet Glue-Thomsit R 710).
